### Republican Presidential Booms at Chicago

### "ALLIES" AGAINST TAFT

### Secretary's Decoration Day Speech on Grant To Be the Slogan

### Result Will Depend on Settlement of Contests by the National Committee.

Chicago, June 3.—Seven Republican presidential booms are now in full blast in Chicago and each candidate is "knocking" all the others. The "allied" forces of all the candidates except Taft, now declare that the big secretary is far from being a winner.

The "allies" declare the 229 contests which will come before the national committee have surprised the Taft men, and that in reality, Taft has only 300 instructed delegates.

The statement from the Cannon headquarters declares nearly 100 of the instructed delegates may be expected to break the instructions.

All the boomers say that the nomination will really be decided in the meeting of the national committee and the settlement of the contests.

Frank B. Hitchcock Taft's campaign manager, arrived here today to take charge of the Taft headquarters. He said that Taft is just as certain of the nomination as ever.

It develops that the "allies" will make a concerted effort to defeat Taft with the secretary's speech in New York, in which he said "General Grant resigned from the army before the Civil war to prevent his court martial for drunkenness."

Senator Hemenway, in charge of the Fairbanks boom, hurriedly left the Canton party at Pittsburgh and is going to Indianapolis for a conference with the vice president. He will then rush to Chicago to start the slogan, "We don't dare nominate Taft after his speech."

Speaker Cannon will arrive in Danville tomorrow and will there consult with his Illinois boomers on the best way to stir up the old soldiers against Taft.

Senator Knox is said to be discussing the same thing in Pennsylvania, and General Woodford of New York, according to the Fairbanks men, is talking the same thing to Governor Hughes today.

### SCALE COMMITTEE

### GOES TO CLEVELAND

Wheeling, W. Va., June 3.—The scale committee of miners and operators representing 14,000 of the Eastern Ohio district, left for Cleveland today for a final conference on the scale. Twice the committee has met in Wheeling and failed to agree and the conference at Cleveland must settle the trouble or the men will strike.

## PRESIDENT ROOSEVELT HAS NARROW ESCAPE FROM SERIOUS INJURY

Washington, June 3.—It was today learned that President Roosevelt had a very narrow escape from death yesterday. A young horse that he was trying for Sergeant McDermott, his orderly, reared and fell backwards with him from the top of a bank into Rock creek, and but for the fact that the President threw himself to the side of the animal as it fell he would have been killed or terribly crushed. As it was he received a number of bruises and today he feels rather lame "in spots."

## FORMAL

### Announcement Has Been Made of Candidacy

### FOR VICE PRESIDENCY

### Mining King Hammond Will Make the Race

### Denies Story That He Was Receiving Largest Salary in the World.

Washington, June 3.—John Hays Hammond, recognized as one of the foremost living mining engineers, who has perhaps been more closely identified with the development of the great mineral resources of the North American continent than any other man, has made formal announcement of his candidacy for the Republican nomination for vice president.

When asked to state definitely whether or not he was a candidate for the vice presidency nomination, Mr. Hammond said:

"You may say I am a candidate. In the past few weeks I have carefully considered the suggestion made by a number of influential friends and well-wishers throughout the country that I seek the Republican nomination for vice president. After calm deliberation I decided to make public announcement of my determination to enter the field. I am an active candidate. Any qualifications I may possess are the qualifications of a plain, blunt business man. It is as a business man I desire to be considered in connection with the nomination. I am not a politician. I have no time for practical politics. I have been too busy all my life. I have always been a consistent Republican and a believer in the basic principles of the Republican party."

Mr. Hammond left Washington last night for New York. He will remain there a few days and then go to Chicago, to stay until after the convention. John C. Montgomery of New York, formerly of Denver, manager of the Venture Mining Corporation, will start for Chicago in a day or two to open headquarters. Mr. Hammond took occasion to deny the sensational stories to the effect he was receiving the largest salary in the world, \$300,000 yearly, from the Guggenheim Exploration and Mining company.

"These stories are untrue," he said. "I have not been connected with the Guggenheims since last September. While I was well paid, I did not receive any such amount. I decided not to renew my connection with this company and just now I am engaged in my profession in an independent way."

## AN ENDLESS CAVERN FOUND

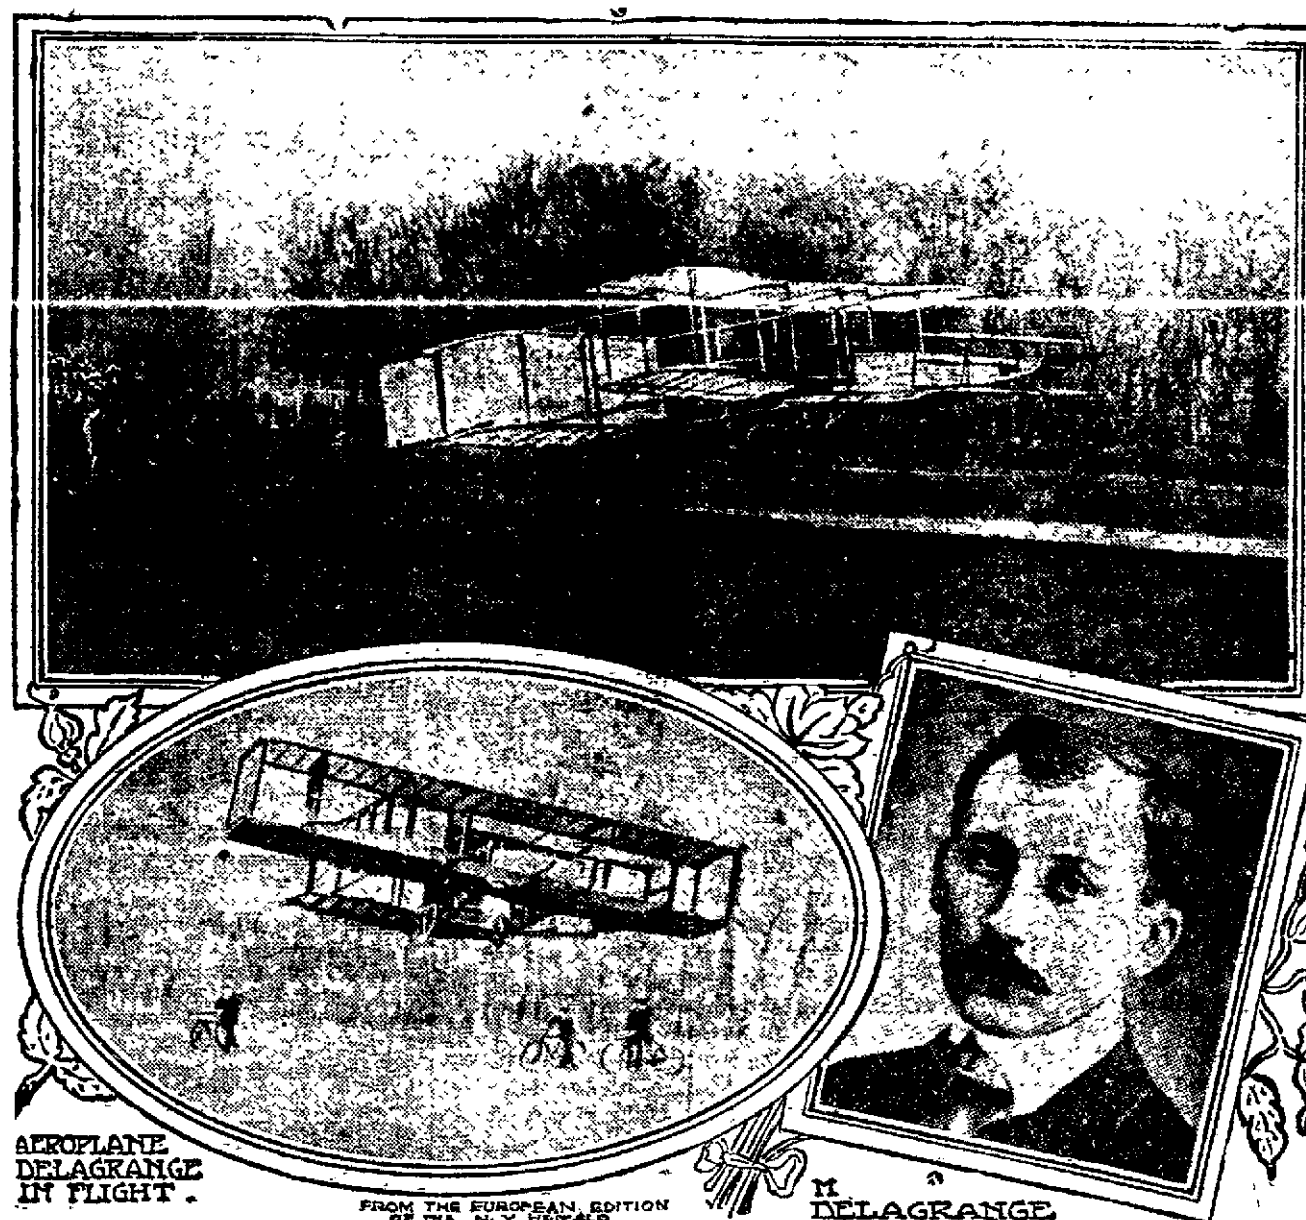

Washington, Pa., June 3.—An apparently endless cavern was discovered by D. W. Patterson and A. C. Turner while blasting near the residence of J. E. Ross, in East Finley township.

A charge of powder tore away from what appeared to be solid rock a

After wading out of the creek, the President and his orderly caught the frightened horse, the executive mounted him again and rode him for an hour and a half before returning to the White House. The President is not certain how he landed in the water, whether on his back or on his stomach. He didn't have time to notice, he says, "for things were happening maddeningly quick then."

Roosevelt was with him on the ride and was within a few feet of the spot where his horse "cut up."

## HOLDS WORLD'S RECORD FOR AEROPLANE FLIGHT

AEROPLANE DELAGRANGE IN FLIGHT.

Rome, June 3.—Leon Delagrangé, the aeronaut, beat the world's official aeroplane record, flying 12,270 metres and remaining in the air fifteen minutes and twenty-six seconds. The distance flown by Leon Delagrangé at Rome, a little more than seven miles and nine-tenths, constitutes a record so far as officially recorded flights are known.

huge stone almost intact. This disclosed a hole big enough to admit a man's body. Ross started to investigate. The interior floor was level, growing wider as he advanced. Ross gave up his attempt to reach the end and the opening was closed until an exploration party could be equipped.

## PROSECUTOR

### REFUSED TO BRING CASE BEFORE THE GRAND JURY AT CANTON.

### Governor Harris Will Have State Board of Charities Investigate Massillon Hospital Case.

Columbus, June 3.—As a result of the refusal of Prosecutor Upham of Stark county, to bring before the grand jury the matter of the death of John Adams, an inmate of the Massillon state hospital, who is supposed to have died from injuries inflicted by some one at the hospital, Governor Harris will have the investigation made by the state board of charities. A meeting of the board has been called for Thursday evening to arrange for the investigation.

## MOTHER

### AND THREE CHILDREN MEET DEATH BY ASPHYXIA FROM GAS.

### Had Been Using Small Stove With Rubber Hose Which Permitted Leakage.

Chicago, June 3.—The bodies of Mrs. William Dorney and her three children were found in their home in Tell court today. All four had been asphyxiated by gas. Neighbors who noticed an odor of gas broke down the doors and found the bodies. One child was still alive when found but died in a few minutes.

The children were Gertrude, 14, Ethel, 12, and Elsie, 7. Yesterday was Gertrude's birthday and a party was given. Mrs. Dorney lighted a small gas stove to make fudge. The hose attached to the gas jet was rotten and one of the children brushed against it, starting a leak during the night. The gas filled the house and resulted in the death of Mrs. Dorney and her children.

## SOLDIERS CAPTURE ALLEGED RIDERS

Ripley, O., June 3.—Two men under guard at Ripley camp are the first victims of the state's campaign against the tobacco destroyers. They are held as military prisoners. Adjutant General Critchfield is here in command of the new troop detail. Foot soldiers will tonight be posted on guard at every cross road. The soldier guard is pitifully inadequate for patrol of the affected territory.

## FIGHT

### Will be Made by Doctors Against Anti-Vivisection

### MEDICS ARE IN SESSION

### Commission Named to Watch Enactment of Laws

### Public Health Matters Discussed and Public Invited to Co-operate.

Chicago, June 3.—Vivisection came in for much attention by delegates to the convention of the American Medical association, which opened here on Tuesday, and was the subject of significant action by the governing board of that organization. By a unanimous vote the house of delegates approved a recommendation to the board of trustees, to create a commission, the sole duty of which shall be to watch and oppose the enactment of laws intended to abolish vivisection. While this action was under consideration Dr. W. B. Cannon, chairman of the section on pathology, advocated a campaign of education against opponents of the practice, whom he accused of untruthfulness and ignorance, and in another meeting—that of the section on surgery—results of animal experimentation were being discussed by Dr. Alexis Carrel of New York.

The resolution passed by the house of delegates was introduced originally by Dr. P. M. Jones of San Francisco and was amended by Dr. Frank Billings of Chicago, and owing to an evident unanimity of sentiment, was passed with but little time consumed by discussion of the subject.

The first general session of the convention, early in the day was addressed by Dr. Robert L. Burrell of Boston, who made a plea for co-operation between the physicians and the public and for the education of the latter in matters of sanitation. The evening session was devoted to addresses upon matters touching the public health by Dr. William S. Thayer of Baltimore and Dr. Charles Harrington of Boston. In the afternoon the various sections of the association held separate meetings at which scientific discussions particularly perti-

nent to the branches represented were conducted.

### ATTEMPT TO WRECK TRAIN.

New Castle, Pa., June 3.—Two attempts to wreck Pennsylvania trains were made early yesterday near the Standard brewery. The crew of a north bound passenger train discovered an obstruction of ties and removed them. An hour later a freight crew found the track again blocked. Four shots were fired at the trainmen. The police have captured three Italian suspects.

### EX-GOV. HARDING.

Marion, O., June 3.—Ex-Lieut. Gov. Warren G. Harding, editor of the Marion Star, has signed a contract with a lecture bureau and will receive \$5,000 for 50 lectures on the subject, "Alexander Hamilton."

## JEFF DAVIS

### Defeated for Delegate-at-Large to the Democratic Convention—Bryan Indorsed.

Little Rock, Ark., June 3.—United States Senator Jeff Davis was defeated yesterday for delegate-at-large to the National Democratic convention, receiving but 196 votes of the total of 559 cast in the state Democratic convention.

The delegates-at-large elected are United States Senator Jas. P. Clark, gubernatorial nominee George W. Donaghy, James H. Harrod and Secretary of State O. C. Ludwig.

The convention by a practically unanimous vote adopted resolutions instructing for Bryan for president.

## HANDSOME MAIDENS

### ACTED AS DECOYS AND LANDED MASHERS IN THE NET OF THE POLICE.

### Police Innovation in Pittsburgh District Where Girls Are Subject to Human Cultures.

Pittsburgh, Pa., June 3.—Chief of Police Thomas A. McQuade last evening introduced an innovation in his campaign to suppress the "mashers" and human vultures who throng the theater district and the edge of the Tenderloin.

A dozen well dressed young women who have had some detective experience, were sent forth into the downtown streets as "decoys," each with a plain clothes policeman within signaling a distance.

The girls were models in deportment, but not impossible to accost, and in half an hour the harvest began. A score of loiterers including several well known men about town were caught in the net.

## TAFT REFUSES TO SHOW GRANT'S RESIGNATION

### Denies Access to Record---Secretary Davis Told Grant's Father He Knew No Reason for Resignation

### General Wrote That He Resigned Because Pay Was Insufficient---Grand Army Men Express Censure of Taft's Speech.

New York, June 3.—The New York World has taken an active stand in condemning Secretary Taft's defamatory reference to General Grant in his Decoration Day speech at the General's tomb at New York. The World has made special effort to get at the truth of the charge made by Taft that General Grant had been forced to resign his commission as captain in the regular army in 1854 on account of his drinking habit.

In a dispatch from Washington the World's staff correspondent says: "Secretary of War Taft refused Monday to allow the World correspondent to see the original resignation of Captain U. S. Grant. Application had first been made at the adjutant general's office. There the statement was made that authority must come from the secretary. Secretary Taft said that a copy of the text of the resignation would be found in Hamlin Garland's history of Grant. He refused permission to look at the original papers, but gave no reason.

"There is not one word of evidence in the War Department files to support the charge of Secretary Taft that Grant was a hard drinker or that he had been forced either to resign or to face a court martial. This is testified to by Jefferson Davis, then Secretary of war and afterward president of the Southern Confederacy. Capt. Grant's father wrote to the secretary as soon as he heard of the resignation asking its cause. The secretary answered that no papers in the case disclosed any motive and that the department had no knowledge of Capt. Grant's motive.

"Secretary Taft gives Hamlin Garland's 'Life of Grant' as authority for his assertion that Grant had become such a hard drinker that he was forced to resign. Garland gives that as one of the reports of the reason. He refers also to Grant's love for his wife and two little sons and his grief at being parted by half a continent from them.

"In his memoirs Gen. Grant makes no mention of the alleged alternative of resignation or court martial, but attributes his resignation to his inability to support his family on his pay as a captain."

The World prints statements from a large number of leading Grand Army men from various cities in all parts of the country, some of whom were intimate with General Grant personally. With one accord these men all condemn Secretary Taft's remarks reflecting upon the early life of Gen. U. S. Grant.

### CANNON AND KNOX.

To Make Political Capital of Taft's Break About General Grant.

Pittsburg, Pa., June 3.—"Uncle Joe" Cannon, speaker of the House of Representatives, and United States Senator James H. Hemenway and Representatives Charles B. Landis, of Indiana, the personal representatives of Vice President Charles W. Fairbanks in his campaign for the presidential nomination, came limping into Pittsburg last evening in an auto, several hours late en route from Washington to Chicago. They were met and entertained by Representative James Francis Burke, campaign manager for Senator P. C. Knox.

The object of the gathering, it is said, was to make as much capital as possible out of Secretary Taft's Decoration Day speech.

### Never Incapacitated.

Springfield, O., June 3.—When General J. Warren Kiefer was asked about Secretary Taft's Memorial day address at Grant's tomb he said: "General U. S. Grant may have touched liquor but he was never incapacitated for official duty or for generalship upon the field of battle."

The general added that he had no criticism to offer further than that Mr. Taft would probably have been just as well off if he had not referred to this feature of Grant's life.

## YOUNG EVANS PULLS GUN

San Francisco, Cal., June 3.—Lieutenant Frank T. Evans, son of "Fighting Bob," showed the family spirit when he jumped into a Barbary Coast dive and saved two blue jackets from his own ship, the Louisiana, from being beaten.

He saw some women steal a \$20 gold piece from Sailor Edmundson, whereupon Edmundson and his companion, Wallick, raised a roar.

Evans, who was in civilian dress, whipped out a big revolver and shouted: "Stand back! I'll shoot the first man who lays his hands on these blue jackets!"

The gang, with the proprietor and barmen, made for the door, leaving the place to Evans and the sailors.

### ENGINEERS SELECT DETROIT.

Columbus, June 3.—The Brotherhood of Locomotive Engineers today selected Detroit as the next biennial convention city.

## WANT DEPARTMENT OF PUBLIC HEALTH CREATED BY THE GOVERNMENT

Chicago, Ill., June 3.—"We could duplicate our navy, fortify our coasts, deepen our navigable waterways, pay the last dollar on the Panama canal, and wipe out our national debt in ten years by simply stopping the preventable waste of a single one of our natural resources, and a natural resource, too, that does not seem to have been mentioned at the conference of governors recently held at Washington," declares Dr. Chas. A. L. Reed, of Ohio, in an address last night before the alumni of the Northwestern University.

"This resource, the greatest of all our resources, is the productive energy of the people without which our other resources the soil, the mines, the forests and the waterways, would be as worthless as the sandy stretches of the Sahara. The waste of this energy through preventable diseases alone amounts to more than a billion dollars annually in the United States."

Figures were given from the latest government statistics to prove this assertion. This saving it was claimed could be effected through a national department of public health, the creation of which is now being demanded by the people. Political platforms in the various states have already declared for such a department.

"We ask," said Dr. Reed, "in the name and in the interest of all the people that the great political parties make similar pledges in their national platforms this year and that they redeem their pledges when the Congress shall again convene."

Strong resolutions demanding such action by the political parties were thereupon adopted by the meeting. The American Medical association, with delegates from practically every county in the United States, in session in this city, took similar action yesterday.

## SOLDIER

OF THE REVOLUTION LIES BURIED IN THE OLD WILSON CEMETERY.

Grave Located and Remains May be Reinterred in Beautiful Cedar Hill.

For several years prior to the death of Judge Samuel M. Hunter it was his custom to gather together his friends Walter Harrison, Ambrose Bolin, "Bally" Ball and several other well known citizens of the East End, and after providing themselves with flags and suitable flowers they would visit an old obscure but not all together neglected graveyard known as the "Old Wilson cemetery" on the Horn Hill road, on the east side of the North Fork, about one and one-half miles northeast of the city. Upon their arrival horses would be hitched, of about one hundred yards to the top of the hill on the east side of the road there they found in the dense woods and thicket an old settler's resting place. An enclosure about 100 feet square, with a gate and wire fence, on the west half about midway between north and south, is the grave of an old Revolutionary Hero. On an old (freestone) tombstone, one-half of which lies broken on the ground, in good preservation is the inscription:

JAMES COLVILLE  
Revolutionary Soldier.  
Died December 29, 1835,  
Aged 51 years.

This old fighter would have been 19 years old when Independence was declared. Through the kindness of Miss Griffith, daughter of Mr. Henry Griffith, Mr. Walter Harrison and Col. Cliff Rosebrough were able to relocate this old grave Tuesday afternoon when these gentlemen made a pilgrimage for that purpose. Colonel Rosebrough will take up this matter of the preservation of this old spot or the removal of the remains to the new soldiers' lot in Cedar Hill.

## BUSY UTICA

COUNCIL HOLDS IMPORTANT SESSION AND TRANSACTS VOLUME OF BUSINESS.

Small Fire Occurs People Coming and Going, Utica Ball Team Twice Defeated.

Utica, June 3.—Council met in regular session Monday night with all members present except Mr. James. Quite a volume of business was transacted, the most important of which was as follows: A resolution was passed that corporation property shall be for corporation use exclusively; a resolution to move the west fence of the Town Hall lot back 15 feet and make public hitching racks there; a resolution that laborers may be paid each week instead of each month; two street sprinkling bids of \$7.75 and \$8.50 per day were received and rejected. A man will be hired temporarily to sprinkle the streets as needed until a contract is awarded. A petition was received asking for a bridge across the run in the alley next east of Jefferson street; the street committee was directed to open the alley and put in the bridge as asked. Bids for the engineering work needed in the paving of Main street were received from five different firms and action on them was held over till the next meeting.

The town was aroused last Saturday morning about 6:15 o'clock by the ringing of the fire bell. The blaze proved to be a very small one and was in the back kitchen at the home of R. B. Alsford on Main street. It is said to have caught from some clothes which were hanging too near the stove and the fire was put out with a few buckets of water. The fire department did not make a run to the fire.

A baby boy was born to Mr. and Mrs. Orrie Eagle, east of town, Saturday morning.

Messrs Greer and Rice of the Mochican Gas company, were in town on Tuesday securing reductions in some of their leases east of town.

Mrs. Julia Haynes of Newark and her brother, Mr. Pickelheimer and son of Aurora, Ind., spent part of Friday in town.

Rev. Robert Clark of Chicago will preach in the Covenant church next Sunday, both morning and evening.

Twenty-eight members of the Mt. Vernon High, Ladies of the Maccabees, came to Utica last Thursday noon to assist in the initiation of the members into the Utica Hive.

C. C. Hughes spent one day last week in Galion and found that Rev. Mr. Waller, formerly of this place, is the father of a baby daughter, born May 21st.

Jonas Williams is again engaged in transporting the mails from the station to the postoffice. He has been off duty for the past month on account of sickness.

The Utica baseball team was twice defeated Decoration day at Stanton Park by a team composed of players picked from the Newark City league. The score in the morning was 9 to 1, the game being started late and lasting only seven innings, and the afternoon score was 12 to 3. This is the first time the Utica team has been together this season and better results are expected in the future. The same teams will play here again next Saturday afternoon and the word has gone out that some of the old stars of the Utica team will be in the game again.

There were two ball games played here last Sunday at Stanton Park, one in the morning and one in the afternoon. The players are said to have obtained special permission from the mayor to play a "quiet" game. The St. Louisville team was to have played here in the afternoon but owing to some reason or other they failed to show up and so the contest was between two picked teams of Utica players.

Obituary

MRS. CLARA SEYMOUR.

Mrs. Clara Seymour aged 72 years, died Tuesday evening at 4:30 at her home, 188 Buckingham street, after an extended illness, the immediate cause of death being uraemic poisoning.

Mr. Seymour, aged 73 years, survives, with three sons and one daughter: Scott and Clay Seymour, both of this city, and Harry of Aurora, Ill., and Miss Nettie Seymour living at home. There also remain two sisters Mrs. Ann Duple of Utica, and Mrs. Lizzie Bell of Sunbury, Delaware county.

The funeral will be held at the late home, 188 Buckingham street, Thursday at 2 p. m., the Rev. Mr. Weeter officiating, assisted by the Rev. Mr. Stuckenberg. Interment will take place at Cedar Hill cemetery.

MRS. AMANDA EVANS KELLER.

Mrs. Amanda Evans Keller, one of Licking county's most respected pioneers, died at the home of her brother Mr. George Evans, at Granville, on Wednesday morning at 6 o'clock. Mrs. Evans was 80 years old on the 16th of last February, and had spent all of her life in Licking county.

Two daughters and three sons survive. They are Mrs. G. A. McKinnis, Kansas City, Mo.; Mrs. M. F. King, Sharon Valley; J. F., D. W. and Jud Keller, all of this city. Four brothers George W. Evans of Granville, David and C. B., of Granville, and Isaac Keller of Columbus, also remain.

The funeral of Mrs. Amanda Keller will be held Friday afternoon at 1:30 at the home of her daughter, Mrs. M. S. King, of Sharon Valley.

MRS. CHAS. WILKINS.

The funeral services of Mrs. Chas. Wilkins who died May 29 1908, were held at Newton chapel Monday, June 1. Friends from far and near were present to pay a last sad tribute of respect to one whom all held in the highest esteem. The services were conducted by the Rev. Mr. Barnett. The remains were interred in the Barnes cemetery.

Abigail Jane Smith Wilkin was the daughter of Adney and Phoebe Smith and was born in Orange county, New York, June 29, 1832. At her death she lacked but one month of being 75 years of age. When a girl of 14 she came with her parents to this county. They purchased a farm and took up their residence in Mary Ann township, in which township she ever after made her home. Of four brothers and four sisters but two survive, Mr. John Smith of Perry county, and Mrs. David Layman of Eden township, this county.

In 1857 she was united in marriage to Charles Wilkin. Of this union six children were born, three of whom are yet living. Early in life she became a member of the M. E. church, at what was the old Newton chapel.

She was a consistent Christian, a loyal friend, a loving mother and an affectionate wife, and while she has gone to that great beyond from whence no traveler returns we have the assurance that a life well spent is not without its reward.

CARD OF THANKS.

We desire to thank the neighbors and friends for their kindness and sympathy during the sickness and death of our beloved mother and grandmother, Mrs. Mary Hirt. Also for floral offerings. Children and grandchildren.

CARD OF THANKS.

We desire to thank our friends and neighbors for the kindness shown us during the illness and death of our son Fred Niemeth. Also to the Machinists' Union for the beautiful floral offering. Mr. and Mrs. Chas. Niemeth and family.

Mrs. Swisher has recovered nicely from a recent operation and Mr. Swisher's father is also getting along well after a delicate operation in the Sanitarium. Dr. Stimson says that Mr. Swisher is the oldest patient on record who has made a recovery from such an operation. It was absolutely necessary for Mr. Swisher to submit to the operation.

OREGON ELECTS

DEM. SENATOR AND

REP. STATE TICKET

Portland, Ore., June 3. — Governor George E. Chamberlain, Democrat, is the choice of the people of Oregon for the United States Senatorship, to succeed Charles W. Fulton, Republican, and a Republican Legislature has been chosen to elect him. Chamberlain's majority over his opponent, Henry M. Calk, Republican, will exceed 1,000 it is believed.

Chamberlain's victory is in the nature of a personal triumph. Oregon nominally is Republican, and in 1904 Roosevelt's plurality was 42,454. Governor Chamberlain has twice been elected governor.

The election of Chamberlain by the people is but a preliminary to the Senatorship. In Oregon candidates for the legislature align themselves either in the "Statement No. 1" column or in the "Anti-Statement No. 1" column.

Statement No. 1 is a pledge to support in the legislature the candidate having the endorsement of the people, and the "anti" people prefer to elect a Senator by the old system. The complexion of the next legislature, as indicated by the returns, will be almost unanimously Republican.

There is talk of defections from the ranks of the "Statement No. 1" legislators, and it is not impossible that in the seven months intervening between now and the date of the next session of the legislature some plan may be devised to defeat Chamberlain and send a Republican to the United States Senate. From the figures at hand it appears that there will be about 63 "Statement No. 1" men in the next legislature. It requires 46 votes to elect.

## AN OLD LADY.

There was an old lady lived over the way, and wonderful things she had seen in her day, she had crossed the wide ocean—by land traveled far, and never turned backwards to step from a car. She was not much on style, but she knew how to do a great many things that would interest you. She said Spartan Stain is the grand est thing made, makes old wood like new, and in most any shade. Spartan Stain is becoming so well known for its splendid working qualities that many painters are using it on small jobs. It's the best wood finish for the home. An interesting bit of political news from Illinois is the report that Labor Leader John Mitchell is seriously considering the acceptance of the Democratic nomination for the governorship of that state. He is to make a definite announcement of his determination June 15, a date fixed for the session of the Illinois Federation of Labor. Mr. Mitchell is undoubtedly the foremost man among the large number of individuals brought prominently to the public notice as the result of the effort of workmen to better labor conditions through organization. He has shown unquestioned capacity for leadership and a knowledge of industrial conditions which might prove of decisive public service if he were called to the executive chair.

Some idea of the drain on the forest resources of the country growing out of the manufacture of paper from wood pulp may be gained from the statement of the Census Bureau that 3,862,660 cords of wood were used in the United States last year for that purpose.

President Roosevelt, Senator Foraker and Senator Aldrich are once more united in a fond embrace over a patchwork currency act which has been repudiated in whole, and in detail by the sound financial opinion of the country. The bill is not so much a measure of finance as of party.

The Partello stock company added to its laurels at the matinee when it presented the stirring drama "The Way of the West" to the entire satisfaction of a very large audience. The company continues to demonstrate that it is the best stock organization that has ever visited Newark and crowded houses will no doubt greet it until the end of its stay.  
The specialties were up to the high standard of the rest of the production. Jack Wasternman's song numbers being especially well received. The company will present David Belasco's dramatization of Ouida's celebrated novel, "Under Two Flags," Friday and Saturday.

**HON. W. A. ASHBROOK**

Will be Nominated by Democratic Congressional Convention to be Held Thursday.

The Democratic Congressional convention of the Seventeenth district, composed of the counties of Coshocton, Holmes, Licking, Tuscarawas and Wayne, will be held at the Casino at Idlewilde Park Thursday, June 4. Hon. William A. Ashbrook, Licking's distinguished son, will be nominated for his second term with a whirl. No other congressman from this district ever accomplished half as much for the good of the whole people in the same length of time as had Mr. Ashbrook. Hon. F. M. Vanover of Wooster, will be temporary chairman and J. A. Anderson of Millersburg will be temporary secretary. There will be 206 votes in the convention, which will assemble at 1 o'clock.

Hon. B. F. McDonald, the brilliant young attorney and orator of Newark, will present the name of Mr. Ashbrook for nomination for his second term.

The list of Licking county delegates is as follows:

**RUSSIAN PAPER.**

H. E. Lewis of 348 West Main street, is in possession of a recent American edition of the "Russian Word," a St. Petersburg publication which shows some interesting customs in vogue among Russian journalists. The paper is issued monthly and consists of four 8-column pages. The advertising is neatly arranged but many of the "ads" are extremely amusing and look more like a bunch of type thrown together carelessly than real characters representing words. One advertisement of a butcher is symbolized by the head of a cow, while a milk depot is represented by a picture of the entire body of a cow. In one place a man has advertised a chaise for sale at 900 rubles, its original being given at 1,400 rubles, or nearly \$1,400 in American money.

The news articles are interestingly arranged but convey about as much idea to an American, of their import, as if they were written in Chinese, as the Russian alphabet is composed principally of Roman letters switched about in their position so as to be extremely confusing to the English reader, even though the reader may be wholly conversant with the Latin languages.

You have tried the rest. Now try the best—Admiral Coffee.

**CIRCUIT JUDICIAL**

Convention to Be Held at Mt. Vernon, June 11—Licking County Has Thirteen Delegates.

The Democrats of the Fifth Judicial Circuit of Ohio will meet in delegate convention at Mt. Vernon, Ohio, on Thursday, June 11, 1908, at ten o'clock a. m., to nominate a candidate for the Circuit Judge of said circuit for the short term, and a candidate for the full term. Each county is entitled to one delegate, and one alternate for each 500 votes cast for John M. Davidson in governor of Ohio, at the November election 1905, and one additional delegate and alternate for the remainder of votes exceeding 250. The several counties of said circuit will be entitled to the following number of delegates:

- |            |    |
|------------|----|
| Ashland    | 7  |
| Coshocton  | 8  |
| Delaware   | 7  |
| Fairfield  | 10 |
| Holmes     | 5  |
| Knox       | 8  |
| Licking    | 13 |
| Morgantown | 4  |
| Morrow     | 5  |
| Muskingum  | 13 |
| Perry      | 7  |
| Richland   | 12 |
| Stark      | 20 |
| Tuscarawas | 13 |
| Wayne      | 11 |

Total.....113  
The Judicial Committee selected Hon. H. H. Harlan of Mt. Gilead, as temporary chairman, and Hon. J. C. Adams of Coshocton, O., as temporary secretary of the convention.

By order of the Judicial Committee,  
E. F. O'NEAL, Chairman.

**ALLISON**

WILL PROBABLY HAVE MAJORITY OF 10,000 OVER GOV. CUMMINGS.

Returns Are Coming in Slowly and Cummings' Campaign Committee Will Not Concede Election.

Des Moines, Ia., June 3—According to a statement given out at the Allison headquarters today, Senator Allison's majority over Gov. Cummings for the senatorship in the state primary held yesterday, will be from 10,000 to 12,000. Returns are coming in very slowly. The Cummings campaign committee does not concede Allison's election, but refuses to give out any figures. It is believed that State Auditor Carroll, the Allison candidate for governor, has been nominated.

**SHERIFF WANTS MORE TROOPS**

Columbus, June 3.—Sheriff Cahall of Brown county, has just wired Governor Harris demanding that not only Troop B which was to start home today be allowed to remain in the tobacco district but that more infantry be sent at once. The demand is placed on the ground of a sudden revival of activity among the night riders.

**DOG CASE IN COURT**

New York, June 3.—Before Magistrate Cornell in the West Side court two women each claimed for a Boston bull terrier (acquired to prove their ownership by showing the magistrate their control over the dog). Attempts to prove ownership were very much of a failure, however, because the dog, probably saved by the dignity of the proceedings, refused to do any of his stunts, either for Miss Marion Crawford, who brought him to court and who is the present possessor, or for Mrs. L. F. Browne, who said that she had lost the dog in question about a year ago. Miss Crawford told the magistrate impressively that her dog's name was Jerry, whereas Mrs. Browne insisted the name was Itabe. Meanwhile the dog blinked stolidly at each of his would-be owners in turn and refused to answer to either name. Commands from Miss Crawford failed to bring and sort of response from Jerry, as she called him, and Mrs. Browne tried to outdo her rival by ordering Itabe to jump through her arched arms. But there was "nothing doing," and Itabe-Jerry simply looked on in a bored way, with a questioning glance at Magistrate Cornell. Portraits of the dog in his puppy days were then introduced by each of the women, Miss Crawford gaining a point in this heat by showing one of Jerry with little white socks on his feet. After this evidence had been offered Magistrate Cornell, finding that the women had nothing more to offer, said the picture with the socks on had convinced him and he ordered that Miss Crawford should be allowed to keep the dog. And then the magistrate turned to Itabe-Jerry and started a little speech. "You are quite a lucky dog," said Magistrate Cornell, "to have two such agreeable ladies in love with you. I have seven myself (it is presumed the magistrate was speaking of dogs when he said seven) and so far as you are concerned, I would not give fifteen cents for you. You are not a good specimen, Jerry." This parting slur on the dog was too much for both women, in fact, it reconciled them, in spite of the summons which Mrs. Browne had had served on Miss Crawford to bring her to court, and they left together.

**COURT NEWS**

**Asks for New Trial.**  
A motion for a new trial has been filed in the case of the State of Ohio vs. George Grumm, by Smythe & Smythe. The defendant was tried in the Probate court and found guilty of assault and battery.

**Want Judgment Reversed.**  
Wm. H. Dennis and Helen Dennis, by their attorneys, Smythe & Smythe, have filed a petition in error in the Circuit court to reverse the judgment of the Common Pleas court in the case of Zimmerman vs. Buchler, Dennis and others.

**Suit Against Father.**  
Wm. Moore and Mary Elizabeth Moore, of Homer, Ohio, have filed a petition in error in the Circuit court to reverse the judgment of the Common Pleas court and the justice of the peace of Burlington township. The defendant in error is Matthew W. Yoakam, the father of Mrs. Moore, the plaintiff. Mr. Yoakam prosecuted the suit before the justice to oust his daughter and her husband from a certain piece of land which they claimed he had given to them several years ago. This claim Mr. Yoakam denied and contended that he was not bound by any contract about the land because the contract was not in writing. Smythe & Smythe represent the plaintiff and attorneys Williams of Columbus, and Kibler & Montgomery of Newark, represent the defendant.

**Taylor Case on Trial.**  
The case of the State of Ohio vs. Dr. A. A. Taylor is on trial in the Probate court. He is charged with representing that he was a regularly admitted physician within the meaning of the recent statute. The attorneys for the prosecution are L. C. Russell, Roderic Jones and Assistant Attorney General Laylin of Columbus. The defendant is represented by Phil Smythe of Newark and L. Stevens of Columbus.

**Transcript Filed.**  
A transcript from the docket of Mayor Atherton in the case of the State of Ohio vs. John Cucu, charged with selling liquor on Sunday, has been filed in the Probate court.

**Grand Jury Recess.**  
The grand jury, which has been in session for the past two or three days is expected to complete its labors in a short time. The jury adjourned on Tuesday night until Thursday morning. Some fifty or sixty witnesses have already been examined in the various cases that have been considered.

**Wants to Recover Alley Right of Way**  
Smythe & Smythe, for Joseph Watson, has filed a petition in the Common Pleas court against Jane Parks to recover the use of a certain alley or right of way, which the plaintiff claims the defendant has wrongfully taken possession of and fenced in, depriving the plaintiff of ingress and egress to his property.

## CRANE HOISTS FOUR 30-TON MASTS TO DECK

New York, June 3.—Visitors to the New York navy yard watched a large floating crane hoist four 30-ton steel military masts to the deck of the Vestal, naval collier, which was launched last week. Although the greater part of the day was needed to get the masts on board, many persons remained in the vicinity of the collier from early in the forenoon until

the last of the steel columns was in place. The military masts were floated to the deck of the floating derrick, which is one of the largest in the world. Then the masts were swung up, one at a time, to the deck of the collier. On the dock another large derrick steadied the masts and held them in place until they were fastened to the deck.

KNEELING  
IN PRAYER

WERE DUKE AND DUCHESS DE CHAULNES WHEN FORMER EXPIRED.

Theodore P. Shonts Brands Report That Duke Was Addicted to Drugs as Infamous Libel.

New York, June 3.—Theodore P. Shonts has arrived on the Crown Princess Cecile, and for the first time, revealed the tragic manner in which the young French nobleman was stricken with heart disease.

"The Duke and my daughter were kneeling at their bedside in prayer," said Mr. Shonts, "when the stroke came upon him that carried him off before medical aid could be summoned."

"They were kneeling close together and the Duke suddenly lurched forward and tumbled unconscious at my daughter's feet. He was a big man and she a slight girl, but she lifted him bodily on the bed and screamed for aid. He was dead before anything could be done for him."

"The death of the Duke was due to heart disease. The coating of his heart was too thin and the organ contained too little blood. The reports that he was addicted to the use of drugs and that indulgence in opiates caused his death were infamous libels."

"The Duchess will not come back to America for at least a year, as we do not think it would be well for her to take the trip until that time."

HICKS ON HOW TO  
FORECAST WEATHER

All You Have to Do Is to Ascertain the Planets' Influence on the Sun.

St. Louis, June 3.—The Rev. Irl L. Hicks was not surprised when he learned that Jim O'Leary, the race-horse gambler, had won \$10,000 by backing his weather forecasts. He said he had hundreds of letters from men in business life saying they had profited by following the forecasts which he sends broadcast through his publications.

At his home in Wellston today he explained in part his methods and his success during thirty years. He was originally a Methodist Episcopal minister, but the rules of the church made it necessary for him to move every three years, and as this interfered with his astronomical work he abandoned that church and joined the Congregational. He is now a member of the Congregational Association of St. Louis.

All of Hicks' forecasts are based on the positions of the planets, he says, and they are as scientific and simple as the calculation of an eclipse. Without the planets influencing the sun the summers year by year would not vary, neither would the winters. Mr. Hicks has circulated, he says, just how much influence each planet or combination of planets has on the sun.

O'Leary, according to Mr. Hicks, won his wager by playing a combination of Mars and Venus. Mars exerted influence on the sun from April 7 to May 31 and Venus from April 15 to May 20. The two planets, working together during that period, caused almost continuous rain. Mars and Venus in combination perturbed the conditions surrounding the sun and rain resulted. This period is just now fading.

Every tornado and storm which during April and May caused great loss of life was forecasted in the Hicks almanac, and the forecast which made O'Leary \$10,000 richer was written a year ago.

To show how little he thinks of money, Hicks says that a Boston syndicate, with \$10,000 capital, sent an agent to him to tender him a share in its grain business if he would give it his exclusive service. He declined.

MOLDERS WILL DISBAND UNLESS OFFERED HELP

Treasury is Exhausted and the Team Will be Sold Unless Financial Assistance is Tendered

Meeting Will be Held Thursday Night in the Effort to Raise Money to Back Team---Base Ball's Last Chance In Newark.

Shall we have baseball? Do the fans want to see the game? If they do, it's up to them. If they don't, all they have to do is to say so and the team will be sold to another town that has offered to purchase the franchise.

Baseball in Newark has been a big thing for the town. It has advertised the city all over the United States through the work of the squad last year but now if Newark wishes to be classed with the towns the "one horse" towns that can't support a team, all they have to do is to let things slip away and the franchise of Newark in the Ohio State league will be sold and the sport, as far as this city is concerned, will be absolutely dead.

The worst kind of hard luck, injuries to the players and the work of umpires, rotten work known only to the real fans who have attended the games, have sent the Molders into last place. Instead of boosting when the boost was needed, the knockers got out their hammers and started an anvil chorus that would be a disgrace to a town of 300 population.

The team last year was as badly off at this time as it is now, but they took an upward shoot, and the race that resulted was one of the prettiest races in baseball. The fans have forgotten this. They forget that players have been crippled and good men have been hard to get. The directors have been condemned for not filling several places on the team and when they did try to do so a terrible howl went up from some people that thought their favorites were to be dropped.

Every new man that has been recommended has been looked after and his record gone into. One man that was recommended highly was found to be a drunkard and he is now in jail serving a sentence. Yet the fans did not know that and the directors were blamed. The men at the head of the game have tried their best with limited resources to bolster up the team. Now the money is gone, and unless the fans and the merchants come to their assistance, the team will be sold to a city that has confidence in the Molders and offers them at home.

Newark did make money last year, but not in the way that was imagined. The gate receipts did not amount to enough to lift them from the rut that the year before had placed them in.

Three players were sold and the money received was good, but the

In a game featured chiefly by the hitting and running of both teams, the Molders dropped another game to the Lancaster bunch by the score of 10 to 9. The wildness of Kaler, a new pitcher and the rotten work of the notorious Handiboe turned the trick. By a decision that was very rank he presented Lancaster with two runs that won the game for them.

Kaler is a student at Ohio State university, and during his term in the box he walked four men, hit seven and struck out ten just to add a little excitement. With all his wildness he was well liked by the members of the Molder aggregation. He assisted two hits, one put out and two assists.

Abbott, who sprained his ankle while sliding into second base in the game Sunday, is still out of the running and Joe Locke was played in his place. Although the scorers gave their team a hit instead of Locke an error, he dropped a ball that would have been an out according to Director Tom Rutledge, who saw the game.

Because Murray disputed a decision so rotten that it was putrid, the alleged umpire ordered him from the field: as the scorers in the little valley town said, he was chased from the field. Frank Locke was brought up to second and Wright was sent to center field. He snuggled three outs to his breast, and got a hit to help the game along.

The Molders seem to have recovered their batting eye and in the last two games with the Lank team they have knocked two pitchers from the box. Justus was the offering yesterday and his attempts at bends and shoots were funny. Locke nailed two two-baggers and Gygil connected for one while Snyder bumped one for three sacks to show the fans that the hits he had been credited with were not fakes.

Gygil had a busy day and out of five times at bat he got three hits, one of them a two-bagger. He also had six put outs and two assists. Snyder was walked once and out of four times at bat he got two hits one of them a three bagger.

The boys go to Mansfield today for three games, and then they return Saturday for three games with Marion. A couple of double headers may be played with them as postponed games with the two teams are scheduled.

NEWARK 5, MT. GILEAD 2. Newark High defeated the Mt. Gilead High school team in a fast, close game on Decoration Day. It was full of sensational plays and these were applauded by a crowd of about 100.

The features of the game were the fielding of Whitney for Mt. Gilead, and the pitching of Black, our high pitcher. Glechaur suffered a split hand in the fourth inning, and McMillen, who took his place, played a good game. Jackson, who took McMillen's place in the field, covered himself with honor by throwing a man out at first base on what appeared to be a safe hit.

Cleuchaut and Trillipo did the bulk of the hitting for Newark High, each getting two hits. Newark High has had a good season, having lost only three games out of nine played, with still a chance at Central High, which will come next Saturday for a game.

We feel confident of winning this game and a large crowd should be out to see the game. The score for the Mt. Gilead game was as follows:

NEWARK..... 5 9 2

Mt. Gilead..... 2 4 3
Let everyone come out and root for Newark High Saturday. The admission will be only 15 cents to those not having season tickets, and a good game is to be expected.

THE GENUINE "FAN"

Anyone can laugh and holler when the home team's in the lead. And the score is all top-sided and opponents off their feed.

But commend me to the fellow who can smile and still stay sweet. When the visitors are winners and the home team's Beati!

We contract a tired feeling when we hear a noisy "fan" Knock the home team when it loses; like a premier hammer man, 'Steal of cheering up the locals with enthusiastic shout

And boosting like the mischief till the Last Man's Out!

O, it's easy to be cheerful when the home team is ahead. And the kalsomine in plenty on the visitors is spread; And it's easy for our faces to expand in joyful grins

When we've got the foe man going and the Home Team Wins!

But the man we love the greatest is the man who smiles and smiles. He is always optimistic and it does us good to meet With the man who keeps on boosting when the Home Team Beats!

Say, you fellows in the grand stand, and you on the bleachers, too—Stop your knocking! Go to boosting! Help to pull the home team through. Always be a cheerful loser—knocking bears most bitter fruit—Though the goose eggs come a plenty, for the Home Team Root!

INTERURBAN CAR JUMPS TRACK

Car No. 162 on the Interurban railway between Newark and Columbus, cast bound, while running at a speed of about 30 miles per hour, jumped the track three and a half miles east of Hebron, opposite the Edwards' farm, Thursday afternoon about 2 o'clock and was badly wrecked. There were between fifteen and twenty passengers on the car, a number of them being from Newark, and they were all badly shaken up, although none of the passengers were seriously injured. The machinery of the car was badly damaged. A physician was sent to the scene of the wreck by the company in case his services might be needed.

# PINKOLA

## First Past Wire and Wins Latonia Derby

### SPORT WAS EXCELLENT

## Favorite Was Back in the Ruck and Ran Last

## Vast Sum of Money Carried on the Race and Mutuals are Heavily Played.

### LATONIA DERBY FACTS.

Winner—Pinkola.  
Jockey—A. Minder.  
Owner—W. H. Fitzer & Co.  
Trainer—W. H. Fitzer.  
Distance—Mile and a half.  
Time—2:35 2-5.  
Track—Fast.  
Odds—18 to 5.  
Starters—Seven.  
Second horse—Czar.  
Third horse—Ordoneo.  
Value—\$3,330.

Cincinnati, June 3.—Pinkola, the unsexed grandson of the first Latonia Derby winner, Leonatus, won the 26th stake of that kind at Latonia yesterday.

Twenty-six years ago Leonatus, running in the colors of China & Morgan, won this event, which was at that time called the Hindoo Stakes, and yesterday his grandson was crowned king of the Western three-year-olds, after a great race for a mile and a half.

Ridden by Andy Minder, the three-year-old who was such a disappointment in the Derbies decided at New Orleans, and who was badly beaten the last time out at Louisville, redeemed some of his lost glory, and incidentally enriched his owners. W. H. Fitzer and Hal Woodford, by \$3,330, which was the value of the stake.

It was no cake walk for the winner, and inside the last sixteenth his jockey was forced to draw the whip and ride the son of Pink Coat to shake off Czar, a colt of royal lineage. This came after following a hot pace set by Honest, one of the speedy colts carrying the colors of Milton Young.

For a moment it looked as if Czar would catch Pinkola, who had assumed a commanding lead on the stretch turn. He got almost on even terms with the leader, but his jockey, E. Martin, was no match for Minder. Czar was too much of a handful for the little rider, and as Pinkola rallied Czar could not reach him again. The wire was too close and little Martin was tired, and this left Pinkola dash past the imaginary line a length in front of Czar, who was easily five lengths in front of Ordoneo, third. Back a couple of lengths was Sir Cleges, who carried top weight and the money of the Louisville contingent. Considerable distance behind him came the alleged speed marvel, W. T. Overton, and almost up with him was Honest, who showed part of the way around, and he was on equal terms with Keep Moving, who belied her name and

could not move at all. The favorite ran last, an oft-told tale of Derbies in Kentucky.

There was also great interest taken in what could be called new-fangled betting. It has been so long ago that mutuals and auction pools were the only mediums of speculation on a race course. "The mutuals and auction pools will never succeed where the public is accustomed to betting in the books," said a turf authority. The doings at Louisville sort of knocked one of his "props" away, and then it was said, "Well, it did pretty well at Louisville, but it will never do for Cincinnati." That last catch was given a knock-out blow yesterday, for the public at Latonia took to the mutuals like a duck to water. That shows conclusively that the public will bet on any old system as long as it has confidence in the game. "Will the public bet?" What a question. Did it ever go against the "snells?" Who wouldn't go against a form of betting that is in vogue abroad and is well known to be the finest of all methods of betting on the races. Well, the public did bet, long and hard, and while the bookmakers were not there to rub the odds, the betting ceased on the machines for a while while a new stock of tickets was brought out, the original supply being exhausted on several occasions.

All of the action was concentrated in that betting ring. It was not a case of push and jam for the best of the odds, but to get a bet down. The 13 machines were kept busy all afternoon and after they were locked there were still a good many betters trying to purchase tickets. The cry of the bookmaker "tops," "Here's 3 to 1 against Pinkola. I'll lay \$1,000 even against the favorite," was missing, and in his stead the voice of the auctioneer was heard pleading for bids. "Play fair, boys," was his cry, "and I'll protect you." The public did not take to the auctions like it did to the mutuals, but the total amount bet on the day from officials knocked the high record for Louisville off the pedestals. All told, there was \$122,246 bet in the mutuals and auctions. Of this sum \$107,370 was played against the machines.

This is quite a different story from Derby Day at Churchill Downs, where the grand total of money bet was \$80,219. Louisville's high mark was the closing day, and was \$112,790. So Latonia leads by \$10,000.

That's a lot of money, for it's all cash, and is about the limit, and as the figures don't lie it shows what is actually wagered on a race course in the West on a big day, and it puts the ones who juggled the figures and made it appear as if one man bet \$50,000 on a race out of the running.

The betting ring was an attraction for the fair sex after the races were over, when a great number walked through the ring and had the workings of the mutual system explained to them.

## ENGLISH DERBY

WAS WON BY SIGNORINETTA, A RANK OUTSIDER, AT ODDS OF 100 TO 1.

Belmont and Vanderbilt Drop a Big Wad on Their Entries, Neither Finishing Inside the Money.

London, June 3.—Signorinetta, 100 to 1, won the English derby, Primrose at 100 to 3 was second, and Llangwan at 25 to 2, was third.

The result was the biggest upset ever seen in the big English race, as none of the horses picked for places in the race got within the money. Signorinetta won by two lengths. The result was a bitter disappointment to August Belmont and W. K. Vanderbilt, who backed their entries to the tune of \$100,000.

## UNUSUAL

Place Selected by Drunk for a Little Sleep—Other Police Court News.

William Hansworth took a little nap yesterday afternoon that caused a good laugh and added another unusual feature to the mayor's office. Already has this office of the chief executive been burglarized, but never before in the history of the staid old city hall was a drunk ever taken in the mayor's office, for any other purpose than a hearing.

But William went to sleep with a comfortable jag aboard and that is where Officer Moore found him. He gave his occupation as a glass-worker, and his age as 34, when questioned. He drew \$1 and costs.

George Connor, who was arrested yesterday by Officer Gorman, on complaint of his wife, was given \$5 and costs, and a suspended sentence of 30 days in jail.

Drunks arrested by Officers Carroll and Sutton were given the usual fines.

## LAMBI

Captured in Dayton by Officer Brown After Several Hours' Search.

Officer Frank Brown added another nice capture to his list Monday night when he captured Joe Lambi in Dayton, after a search that lasted for several hours. Lambi, who attempted to pass a raised check on the First National bank, and who was released on \$300, skipped town.

His fellow-countrymen, who had signed his bail bond, feared for their money and the police were asked for assistance. The officers immediately got busy and Chief Zergiebel thought he had his man located at Dayton.

So confident was he in his judgment that Officer Brown was sent to Dayton to look for Lambi. The chief's judgment again proved faultless and after a search that took up all Monday afternoon Lambi was found in a Greek settlement. He was returned to this city last night.

## WOMAN IN BLACK IS OF MALE GENDER

The mysterious woman in black is believed to be a man dressed in woman's clothing who prowls about the city for the fun of it.

The "object" made a late call at a North Fourth street residence, near the First Congregational church, Tuesday night, and after rapping gently on the screen and trying the two front doors, quietly sat down on the porch near a window and fixed "its" hair. A brief observation was conducted from the inside of the window and it was seen that the hands were unusually large to belong to a woman, and that when the black veil was lifted to brush aside the reddish-gray hair, a coarse, wrinkled face was exposed. The residents of the house could not identify the party, and as he, she or it walked away without any further demonstration, there was no excitement created.

## CADILLAC

Machines Are Still Very Popular in Newark—Beecher Garage Places Seven New Ones.

The Cadillac machine is surely a favorite and it may well be for of the 16,000 Cadillacs now in use all over America and Europe, not one has ever reported as having gone out of commission. The first six of the 16,000 are still running on the streets of Detroit.

The record of the little Cadillac based on reports secured from several hundred owners selected at random showed an average cost of upkeep of 50 cents a week. The little Cadillac is conceded the cheapest car in the world to maintain.

At the Beecher garage this season they have already added seven to the large list of Cadillac owners. Among these are Dr. Lewis, Dr. McCullough, Ed Hibbert and W. S. Weiant of Newark; E. V. Bell, of Mt. Vernon; John Lemert, of Frazeysburg, and Dr. Letherman, of Outville.

A notable fact in connection with these is that this is the second Cadillac machine ordered by three of these gentlemen, and for one of them, this is the third purchase of a Cadillac—which seems to bear out the assertion of "Once a Cadillac, always a Cadillac."

## GIBSON REPUDIATES HIS CONFESSION

Wapakoneta, O., June 3.—Is Verward Gibson, on trial here charged with the murder of James Abbott, really a murderer or did he make a false confession to save his mother whom he believed had been sentenced to the death chair?

That is the question that the court is trying to unravel and this section is greatly interested in the outcome of the proceedings. Abbott was found dead along the railroad tracks near St. Marys about 18 months ago. Mrs. Gibson, Verward Gibson and Wm. Williams, a companion of Gibsons, were arrested. Gibson confessed to the killing, implicating Williams, and his mother was released.

Now he repudiates the confession, saying he had been told his mother had been tried and sentenced to the death chair, and that he made a false confession, hoping to save her. A jury has been secured to try Gibson and the taking of evidence began today. All of the parties concerned in the case live at St. Marys.

## CLEANING FURS.

How to Treat Them at Home When They Are Soiled.

Keeping white furs clean is like keeping linens looking fresh, for both need much attention and frequent cleansing, says the Washington Times.

Of course if women can afford to have furriers do this work they need not be so particular about preventing their muffs, collars or capes from getting soiled, but when the cleansing must be done at home too much care cannot be taken to keep them clean, for the process of cleaning ermine, mink, angora or any of the white furs, real or imitation, is a long, tedious one that takes much strength.

To begin with, they must be put out on a line and well sunned and aired for a day or two; then they must be whipped gently, yet firmly, with a rattan stick until no dust dies when they are pounded. When the loose dirt is out, the furs may again be hung on a line in the sunshine, while a bath of white sand and furrier's sawdust, mixed half and half, is beaten in an oven. When hot, the pieces must be put into this cleanser and the sand and sawdust rubbed well into the fur.

The sand when hot loosens the grease and dirt from the fur, and the sawdust absorbs it. If after one such rubbing the fur does not look as clean as is desired, the process should be repeated. When the dirt is out, the garment or muff must again be pounded with a rattan stick to get out the sand and sawdust. Following this beating, the fur should be placed in a pan filled with cornstarch or plaster of paris, which must be rubbed well into it.

After either whiteners has been worked well into the pieces the furs must again be put out of doors and whipped with a stick to get out the white dust, for if not shaken or beaten the plaster of paris or cornstarch will rub off on the clothing, which is unpleasant.

With chinchilla little can be done toward cleansing except a gentle beating with a rattan stick. And this whipping must be lightly done, for the skin is so fine and tears so easily that a person cannot be too careful in the beating, and the best plan is to have it cleaned by a furrier.

Beaver, mink and many of the furs with heavy skins are cleaned exactly as are the ermine and other white pieces, with the exception of the final rubbing on of cornstarch or plaster of paris. The first beating to get out the dust, the airing and bath of white sand and sawdust must be given these furs to properly cleanse them. Pony coats may be successfully cleaned in the same way.

With the heavy, long furs, such as Alaska sable, racoon and opossum, the airing and pounding with a heavy rattan stick are essential, but the hot sawdust and sand are omitted for the use of a comb with short teeth, known as a furrier's comb.

Sables, like chinchillas, must be carefully treated, and the safest plan is to send them to an expert when they need cleaning.

Lots of girls can be giddy without the aid of a merry-go-round.

## For the Children's Sake

Please get them Mapl-Flake. Because of the Maple flavor. Because it is so digestible. Get them the food that they like best, when it's the best food for them.

We took our wheat in pure Maple syrup, just for the children's sake.

They like Maple sugar better than anything else that is good for them.

So we use it to please them. To induce them to prefer the best food they can eat.

It is rather expensive, but it is wise—for you, for them, for us.

There is no food like wheat.

Other cereals may be used, for a little time, for variety. But the staple is always wheat.

Whole wheat alone contains all the needed food elements in properly balanced form.

So we use for Mapl-Flake the finest wheat in America.

But wheat must be cooked—cooked more than the usual—else it is half indigestible.

The atoms must be separated—by a fierce heat—so the digestive juices can get to them.

Not half the wheat that people eat is subject to digestion.

The balance is wasted. It ferments and forms gas. It leads to digestive disorders.

That's why we spend full 96 hours in preparing Mapl-Flake.

We steam-cook the wheat for six hours. Think of that!

Then we cure it for days—a partial digestive process.

Then each separate berry is flaked so thin that the full heat of our ovens can attack every atom.

Then we bake those thin flakes in a heat of 400 degrees.

That's why Mapl-Flake is the best food produced.

It is because of our process.

It is nothing but whole wheat, cooked with pure Maple syrup.

But it is wheat made digestible. Wheat in a form that is new to you. A food that's all food.

You will never again use other flaked foods—even though they seem cheaper—after you try Mapl-Flake.

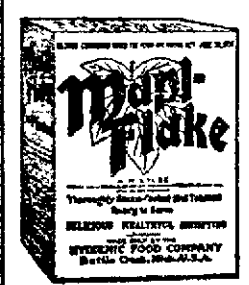

## One 15c Package Free

We would far rather buy the first package ourselves than to have you go without knowing it.

So, if you wish, please send us this coupon, and we will send you an order—good at your grocer's—for a 15c package free.

Please let Mapl-Flake—for your own sake—tell you how good it is. Then ask the children what food they'll have next.

Cut Out This Coupon and mail it to the Hygienic Food Co., Battle Creek, Mich.

I have never used Mapl-Flake, but if you will send me an order on my grocer for a 15c package free, I shall be glad to try it.

## JUDGE HARMON ACCEPTS PLATFORM OF CONVENTION

Alliance, O., June 1.—Judge Harmon, Democratic candidate for governor, accepts the platform adopted by the state convention. In a speech here today at the nineteenth district convention, Harmon said "I am a Democrat. The platform as adopted is one upon which any Democrat could stand. I stand upon the platform, and if elected will try to administer the office of governor without favor." The Congressional nominee will be named this afternoon.

## STATE CHAPLAIN

Of Grand Army Asks That Next National Encampment Be Held in This City.

The State Department Chaplain of the G. A. R., the Rev. W. S. Rice of Gnadenhueten, O., formally requested that the Lima encampment be requested to hold next year's meeting in Newark in the Memorial day meeting held at Memorial hall. The request was in form of a motion and was heartily endorsed by all present. Secretary J. M. Mayhew of the Board of Trade went to Lima Wednesday to arrange for the Newark delegation's visit.

A number of autos are being secured and a big party of "booters" has been selected.

## BADLY BURNED IN EXPLOSION

Mr. Grafton Ellis, the well-known miller, who is operating the flour mill near the old Garber & Vance planing mill, met with an accident Tuesday evening, which resulted in his receiving injuries of a very serious nature. He had gone down into the boiler-room for the purpose of starting a fire under the boilers and turning on the gas applied a match, when there was an explosion and he was thrown half way across the boiler-room. His head, face and neck and one hand were severely burned. Dr. Rinehart attended his injuries.

## AEROPLANES

Of Wright and Lander Will Probably Be Entered in a Contest Abroad.

Paris, June 3.—Henry Savage Lander, who has been experimenting with an aeroplane at his home in Florence Italy, met Wilbur Wright, the American aeronaut, here today, and practically agreed on a series of trials between their machines. It is probable that Wright will not consent to race with Lander until he has given the machine he is building in Western France a thorough test. Lander would not say what his machine has accomplished, but he seemed anxious for a contest.

## HOW ONE GAINS

Success in Money Matters—By the Ad Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

THIRD WAY. By doing the work you have at hand better than any one else can do it. The best workman is seldom out of employment. The best artist in any line receives large compensation. To illustrate. Great singers get as high as \$500 or more for a single concert. We have fine workmen and fine artists in Central Ohio, and many of them are placing their money with and getting five per cent interest from The Buckeye which loans all money on first mortgage on homes.

(See fourth reason next week.)

## From Ford you buy a Better Car for Six Hundred than you Expected to Buy for Twice That

\$750

MODEL "T" 4-CYLINDER, 15 H. P. ROADSTER

The headline states a proven fact, and yet price was the last consideration in the design and construction of the Ford car. We first made the best car that expert knowledge, skilled workmen and high grade material could construct, then carefully analyzed the existing conditions to determine how many of such a car could be sold, then fixed the price per car at which the car could be sold by building that immense quantity. Quantity production made the low price, and until some other manufacturer creates a market that will enable him to build in similar quantities, no other car as good as the Ford car can possibly compete with the Ford price. There is no \$3000 car sold today that is made of better material than the Ford; there is no automobile manufacturer in the world that has a more capable engineering force than that of which Henry Ford is chief, and there is no factory in the world with better facilities, and few with as good, for building a perfect car. The result is that the Ford car looks as well as any car at double the price, runs as well, runs as far, lasts as long, costs as little to operate, is as simple to adjust and repair as any car made, regardless of price. A DEMONSTRATION WILL BE A REVELATION.
